Baden Official Game Ball

Baden 3BPPRO

- Perfection Performance Seam™. Featuring the consistent height, width, and durability the game demands.
- Perfection Premium Leather™. Laser-tanned technology producing a durable 360° feel.
- Perfection Ballistic Winding™. Proprietary intertwined technology produces a more durable, high compression core for maximum performance.
- Perfection CoreBond™. Keeps leather tight to the core, eliminating stretch and undue softness found in other balls.

3BPPRO \$54⁹⁵

** Special Team/League Price.

Baden Baseballs

Baden All Weather Baseball

Baden's All-Weather baseball features our exclusive CoreGuard™ Technology. Normal baseballs can be ruined after just minutes of play in wet conditions, while the Baden PR-0 stays playable while wet. Stretch your budgets and stop throwing away water-logged baseballs.

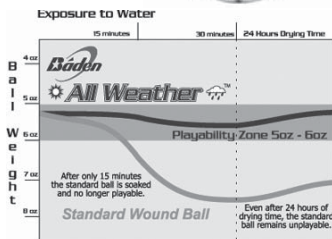

Featuring Exclusive CoreGuard™ Moisture Protection Technology

With CoreGuard™ the Baden PR-0 remains playable when exposed to water. After 24 hours of drying time it returns to its original weight. No more water-logged baseballs and wasted budgets.

PR-0 \$32⁹⁵

** Special Team/League Price.

Baden Lexum NFHS Baseball

- Full-grain cowhide leather.
- Raised seams.
- Wool blend windings.
- Cushioned cork center.
- Double-stitched with special waxed cotton thread.
- High School, Senior and Youth Leagues.

3BNFHS \$48⁹⁵

** Special Team/League Price.

Baden Pitching Machine Ball w/ Seams

Now batters can take realistic batting practice with this Baden dimpled machine ball made with painted-in recessed stitches.

PBBRS

Genuine Baseball appearance trains the eye for the real pitch!

\$31⁹⁵

** Special Team/League Price.

Baden Big Leaguer Training Whiffle Ball

- White 9" Official Size.
- Simulates the pitch of a real baseball.
- Embossed seam protects the color from wearing off.

BL9 \$10⁹⁵

** Special Team/League Price.

DeMarini Bats

DeMarini CF4 ST

More Power. More Strength.

For 2011, the CF4 ST has been taken to a new level. With a composite handle and composite barrel, the CF4 is designed to flex, then recoil through the impact. It feels more like you're launching the ball than hitting it. We've amped up the awesome power of the Pitch Black Plus composite by adding twice the Silver Trace bonding agent making a stronger, stiffer bat. That means the sweet spot has been extended further down the barrel than ever before. With the bigger sweet spot, and end loaded feel, you'll love bringing this power machine to the plate.

DXCFB11 DeMarini CF4 ST 3 oz. ltl 32"-34" \$399.00

DeMarini Voodoo Black

You'll Just Keep Getting Better

It's a finely tuned system - an aluminum barrel joined by DeMarini's direct connect power transfer technology to a composite handle. The Voodoo Black just keeps getting better. Pick it up - you'll feel the power in the barrel. Combine this with the stronger composite handle with extreme amounts of Silver Trace and you have a ball crushing machine.

DXVX510 DeMarini Voodoo Black 9 oz. ltl 30"-32" \$199.00

DeMarini Bats

DeMarini CF4 ST

Hittin' Bombs Into the Parking Lot

-10

For 2011, the CF4 ST has been taken to a new level. The mad scientists at DeMarini have amped up the awesome power of their Pitch Black Plus composite by adding twice the Silver Trace bonding agent making a stronger, stiffer bat. That means the sweet spot has been extended further down the barrel than ever before. And DeMarini's high quality composite material means thinner barrel walls, bonded in a Stacked wall barrel design that creates a dynamic springboard hitting surface. With the bigger sweet spot, the CF4 -10 is becoming the weapon of choice to bring to the plate.

DXCFP11 DeMarini CF4 ST 10 oz. ltl 32"-34" \$299.00

DeMarini CF4 ST Insane

Insane End Loaded Feel

-10

Seeking to level up your hitting performance, but you aren't quite ready to graduate to the next weight drop? Look no further than the CF4 Insane. Built for the player seeking extra power in their swing, DeMarini has moved the evenly distributed weight all the way to the end of the barrel.

If you're a power hitter, more mass at full extension results in additional swing speed at contact giving you more power and more distance. In addition to doubling the amount of Silver Trace bonding agents in the Pitch Black Plus stacked composite and extending the sweet spot towards the handle, DeMarini's designed hubcap redirects the outgoing energy back into the barrel. With the CF4 Insane, the opposition will recognize that wild look in your eyes.

Mizuno Gloves

Mizuno has combined over 100 years of ball glove making experience with the latest in bio-mechanical science to develop the world's best ball glove: Mizuno Pro with 4D Advanced Technology. Historically, ball gloves were created using static, paper-based patterns made to "fit" the hand with little to no attention given to the "dynamic" of the hand. Utilizing state of the art technology, Mizuno has researched the dynamics of catching using data from the best players in the world. As a result, we have created position specific ball gloves that are designed with the requirements of that position in mind.

BASEBALL GLOVE SIZING CHART

Age	Position	Glove Size
Under 8	Infield	9"
Under 8	Outfield	11"
9-13	Infield	9-10"
9-13	Outfield	11-12"
HS/Adult	Infield	10 1/2-11 1/2"
HS/Adult	Outfield	12-12 1/2"

BASEBALL GLOVE FITTING TIPS

Adult:

- The larger sizes (13 to 14 inches) are manufactured for softball players.
- Outfielders typically wear gloves in the 12.5-13.5" range because the large pocket makes for great catching.
- Infielders looking for quick transfers often use a slightly smaller glove, between 12-13".
- Pitchers, like infielders, usually prefer the quick transfer of smaller 12" - 13" gloves.
- Middle infielders should look for a shallower pocket within the recommended size range.

Youth and Beginner:

Gloves that are too big allow "cheating," preventing beginners from developing and refining proper skills. Kids' gloves should not be bought to be grown into. The best way to learn the fundamentals of fielding and catching is by wearing a glove that fits well.

Kids 12 and Under:

No larger than 12". Kids 8 and older should try gloves in the 11's, while younger kids (especially if they are smaller) should consider gloves in the 9-11" range.

Adolescent:

Choose the lower end of the adult size range for your position.

Easton Diamond Interchangeable Sunglasses

Nokona Glove Conditioner

This is the absolute best glove conditioner on the market. If your glove is feeling slightly dry or totally dry and cracking, this glove conditioner will have your glove feeling like new. It is also great for break-ins.

How To use it: Put some in your hands and rub liberally over every square inch of the glove, inside and out. Let it sit overnight, and wake up to a brand new glove.

Easton Natural Elite Fastpitch Catchers Mitt

Impressively designed to catch the eye and the ball, the Natural Elite Series is also perfectly suited for the female hand with smaller hand openings, narrowed finger stalls and wider webs to better control an 11" or 12" softball. Each glove in the series comes equipped with Bio-Dry technology; a fabric used to line the finger stalls that wicks away moisture, keeping your glove dry and light. The Natural Elite Series also features the VRS palm pad which disperses the impact of the ball. Some styles will have the 2x2 lacing system that gives twice as much strength in the key area of the web, preventing blow outs and the need for relacing.

- 33" circumference fastpitch catcher's mitt.
- Split solid web with Ideal Fit™ closed back.

Ryan Express - Batting Cage

The Ultimate portable batting cage for Professional, Collegiate and Varsity baseball programs. Batting cage includes dual coaches observation platforms, 8"W x 18"H tires, premium ricochet padding on all overhead frame work, black netting, black vinyl skirt, black thud pad w/grommets,

lockable dolly lift system and extra baffle net behind batter. Unit is constructed of 2" heavy-wall aluminum tubing, heavy-duty 3.5mm weather-treated EHT netting and heavy vinyl-coated nylon skirt. The heavy-duty construction, easy portability and collapsible design make this an ideal backstop for programs at any level. Collapses to only 5' high to limit storage space requirements. The 18"H x 8"W pneumatic tires make it easy to maneuver, leaving little to no footprint on grass surface. Thud pad size: 68"W x 52"H x 4"D. Cage Dimensions: 18'W x 22'D x 12'H. Shipping Wt 350 lbs.
